Covering Letter to Kilmacolm Community Council Comments on the Main Issues Report

Attached is a document detailing the comments on the main Issue Report from Kilmacolm Community Council.

Please note the under Issue 10 we disagree with the number of houses required in Kilmacolm the reasons are clarified in our comments. However, we do not believe at this time that there is a real requirement for new homes in the village as there are a number of planning applications that have been passed but for which work has not yet started. Should the need arise for new homes in Kilmacolm then we would support the preferred option in the Main Issue report but subject to the changes we have laid out in our comments document.

There is a great deal of anger over the preferred option especially amongst the residents of Springwood Drive and Quarry Drive and a petition has been started in the village to stop this site from being on the preferred list. There may well be a large number of letters being sent in response.

Mike Jefferis

Chair
